## How to Use the Telephone Properly

**Important Instructions and Suggestions to Telephone Users**

### LOCAL SERVICE.

**Do Not Use the Telephone During a Thunder Storm.**

**Always Call by Number, Not by Name.**

**Look in the Directory for the Number** of the person to whom you wish to talk, and signal the operator in the usual way. Keep only the latest issue of the directory.

**Call "Information"** when you wish to know a new telephone number not listed in the directory. Operators can only give you the number requested. They are required to be courteous and considerate under all circumstances. We bespeak for them the same consideration on your part.

**Cases of Trouble or Unsatisfactory Service** should be promptly reported to **"Complaint."** These reports will receive prompt and efficient attention. We are striving to render a perfect service and suggestions or criticisms are welcomed.

### GENERAL SUGGESTIONS.

**Telegrams by Telephone.** Telegrams may be transmitted to and received from telegraph offices by telephone. To send a telegram or cablegram, call by name the telegraph company desired. By arrangement with the Western Union Telegraph Company any telephone subscriber may have charges for messages received or sent by Western Union Telegraph Company charged to his telephone and collected with his telephone bill.

**Directory Listings or Omissions.** It is desired that all subscribers shall be properly listed in the directory. Errors or omissions should be promptly reported to the Manager. The Company assumes no liability whatever for damages accruing from such errors.

**Telephone Numbers Should Not be Published** on stationery, in advertisements, on wagons, etc., but rather the phrase "Bell Telephone Connections" should be used. The telephone number is the property of the telephone company, and is likely to be changed as the business develops with the growth and progress of the community.

**Unauthorized Use of the Telephone.** The use of a subscriber's telephone is limited to the subscriber, his family or employe in his interest. Subscribers have no right to allow its use by other parties. The telephone may be removed if this condition of the contract is disregarded. Subscribers are requested to refer those desiring the use of the telephone to the nearest **Pay Station.**

**Unauthorized Attachments to Telephones, Wires and Apparatus.** No instruments, apparatus or devices of any kind other than those furnished by the Company shall be attached to any wire, telephone or apparatus owned and operated by this Company. Every necessary appliance and apparatus will be furnished by the Company, and any instrument, apparatus or device of any kind, other than that furnished by the Company, attached to or connected with any part of the Company's property will be removed, and upon a continued violation of the Company's rule in this respect service will be discontinued.

**Ten Days' Notice to Move a Telephone.** Subscribers wishing the telephone moved from one location to another are requested to give ten days' notice in writing. A charge will be made for moving the apparatus except after the expiration of the initial period of the subscriber's contract and the execution of a renewal contract.
